
KEENA WASHINGTON

EXPERIENCE

FULL STACK DEVELOPER, CASH MAN LLC; NORCROSS, GA – 2023-PRESENT

- ❖ Built and maintained a private, customer-facing web application using C# for backend logic and JavaScript for interactive front-end features.
- ❖ Designed responsive layouts with CSS and HTML, ensuring a consistent user experience across devices.
- ❖ Managed application data using PostgreSQL, optimizing queries for faster performance.
- ❖ Deployed and hosted the application on AWS, ensuring scalability and uptime.
- ❖ Applied UI/UX design principles to improve usability and customer satisfaction.

DATA & WEB DEVELOPMENT SPECIALIST, PIPE DREAMS, DULUTH, GA – 2020-2025

- ❖ Developed and maintained a store specific HTML/CSS website to promote products and store events, for in store use.
- ❖ Used Python scripts to organize and analyze sales data, identifying top-selling products and seasonal trends.
- ❖ Implemented a MySQL database to track inventory, reducing stock shortages and over-ordering.
- ❖ Collaborated with management to create data-driven marketing strategies, improving customer retention.
- ❖ Applied UI/UX best practices to enhance the online customer browsing experience.
